Art Portfolio – Submission Guidelines

The following guidelines apply to artists submitting their art in order to request assistance through our Artist Outreach program, to promote their art.

Format

The following portfolio submission formats are preferred:

- Web based portfolio (by creating a profile on the World Artist Network's website, and completing all fields)
- Compressed attachments e-mailed
- CD with hard copies of any 2D or digital art pieces mailed
- Short scripts, poetry, book excerpts, etc. can be submitted to our Writers Lounge area, or e-mailed as compressed attachments.

VISUAL ARTISTS – DO NOT SEND ORIGINALS

Discs and any materials included in your submission must be labeled with your name and at least one form of contact in case it gets separated from the papers, such as phone number or e-mail.

If you are featuring a full demo film with credits, avoid inserting material after the credits, or if you must, please indicate this in the shot breakdown.

Content

WAN has gone through considerable lengths to provide detailed submission requirements, please follow these guidelines as closely as possible.

It is highly recommended to include only your best and most recent work. Your portfolio is only as good as your weakest piece in the eyes of a potential buyer or curator. Keeping this in mind, we discourage showing underdeveloped work or pieces that do not reflect your current skill set. You are welcome to share such pieces with our art community through our social networks for comments and peer review, but please do not include them in your professional portfolio.

We suggest that you have a professional colleague help you edit your portfolio, or you may request our assistance in reviewing it. Another set of eyes is always an asset.

You are also welcome to submit reviews, announcements, magazine articles and other written materials discussing your work.

Share, Learn, Create, Inspire

Accepted File Formats

Please keep in mind the following formats when submitting electronically:

- Images: jpeg, jpg, png
- Text files: doc, txt, pdf (resume, bio, statement)

It is advised to keep your image files at a resolution high enough so that when viewed at 100% there are no pixel distortions. You want to provide the viewer with detail, and small, low quality images cannot achieve this. If you are taking pictures of the artwork yourself, please make sure there are no flash reflections. Natural light is recommended if you don't have professional lighting equipment.

Image details

Please make sure to list the name of your piece, year of creation, dimensions and medium. For mixed media, please include details.

Submission Agreement

Please make sure to include the Submission Agreement together with your materials.

Please keep in mind we do not offer critique on works. As mentioned above, you are welcome to post on our social networks to receive comments and/or reviews from fellow artists.

Completed submissions

- Full registration at www.theworldartistnetwork.org, with all tabs completed including bio/resume, and list of past exhibits.
- E-mail to: community@theworldartistnetwork.org, subject: Portfolio Submission
- Mail to: World Artist Network, 98 Kenwood Avenue, Fairfield, CT 06824 United States
